This is a high purity calcium sulfate dihydrate milled in the USA from the very purest and whitest gypsum. It will meet or exceed all FCC and USP specifications and is suitable for all types of food and pharmaceutical formulations.

**CHEMICAL ANALYSIS:**

- **CaSO\(_4\) - 2(H\(_2\)O)**: 99.1%
- **Loss on Drying**: 18.7%
- **As**: less than 0.1 ppm
- **Fl**: 11 ppm
- **heavy metals**: less than 10 ppm
- **Se**: less than 0.5 ppm

**PHYSICAL ANALYSIS:**

- **appearance**: powder
- **color**: bright white
- **plus 100 mesh**
- **thru 325 mesh**: 96.5%

**PACKING:**

- white paper bags 50 lbs each on wooden pallets

**ORIGIN:**

- USA
